**STATEMENT OF PRACTICAL TREATMENT**

**If on skin:** Wash with plenty of soap and water. Get medical attention.

**If in eyes:** Flush eyes with plenty of water. Get medical attention if irritation persists.

**SEE SIDE PANEL FOR ADDITIONAL  
PRECAUTIONARY STATEMENTS.**

**DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is labeled to be used in and around the home, yard, and animal housing. It can be applied as a dry dust or mixed with water at the rate of 2 ounces per quart and sprayed as a liquid. NOTE: 1 ounce of this product is 8 level teaspoons. The dust does not dissolve, and to help keep it in suspension, add one tablespoon of mild detergent per gallon of water, and agitate the sprayer now and then. With either method, the idea is to coat all areas where ants and fire ants may be.

**ANTS: Dry Powder:** Stir the mound with a rake or other tool, agitating the ants. Apply **Perma Guard Fire Ant Insecticide** dust liberally on the immediate area, contacting as many ants as possible. Repeat if needed for final results. **Wet Application:** Use one-half cup of **Perma Guard Fire Ant Insecticide** with a tablespoon of a mild detergent per gallon of water. Saturate the mound or bed with the entire gallon of mixture. Repeat if necessary.

**FIRE ANTS:** Mix four tablespoonfuls to one-half cup of **Perma Guard Fire Ant Insecticide** with a tablespoon of a mild detergent in a gallon of water. Stir the fire ant mound with a rake or other tool to agitate the fire ants. Drench each individual fire ant mound with a gallon of the mixture. Repeat treatment if needed. **Dry Powder:** For faster knockdown! Stir the fire ant mound with a rake or other tool agitating the ants. Apply **Perma Guard Fire Ant Insecticide** liberally on the immediate area, contacting as many ants as possible. Repeat treatment as needed.

**WARRANTY STATEMENT**

Seller warrants that this product conforms to the ingredient statement on the label. Since conditions of use, such as weather, compatibility with other chemicals, and conditions of application equipment, will vary, seller makes no claims other than those stated on the label.
